</table>

1. The above fees do not include any fee that may be separately charged by an owner or operator of an ATM or POS terminal and/or any network used in connection with the transaction, including any surcharge imposed by an Out of Network ATM. The amount of the surcharge will be disclosed at the ATM, and your consent to the charge must be obtained. To locate ATMs that are surcharge free (In-Network ATMs), go to the Money Network Locator at www.moneynetworkedu.com or call Customer Service.

2. Subject to the Terms and Conditions, if your Card has had no activity for nine (9) consecutive months, beginning the 10th month after the date of the last activity on the Card, a $5.00 monthly maintenance fee will be assessed on your Card. This fee will be assessed to your Card each month until activity resumes, provided there are funds remaining on your Card.

3. There is no fee for cashing Money Network Checks at designated locations. Certain of those locations will cash Money Network Checks up to $5,000.00 per check. Other check-cashing locations may impose higher or lower limits, but one individual Money Network Check at any check cashing location, and multiple Money Network Checks in one day, may not be made payable for more than $9,999.99. See www.moneynetworkedu.com for a list of participating locations or call Customer Service.

4. For international transactions, we will charge a fee that is two percent (2%) of the converted amount for ATM and POS transactions in the card association networks. If a foreign currency ATM transaction is converted to U.S. dollars before it is entered into the card association networks, the conversion rates, fees and charges of the entity that did the conversion will apply. For each cross-border transaction using the same currency, you will also be charged a fee of eight tenths of one percent (.08%) of the transaction amount.

5. Optional. Monthly statements also available at www.moneynetworkedu.com without charge. A printed 60-day transaction history is also available without charge upon request by contacting Customer Service.

6. Your cellular phone carrier's standard rates or other charges for receiving text messages may apply.

For more information visit www.moneynetworkedu.com for latest transaction limits.
